## **GERMANY, AACHEN**

## CURRENT OSM PRESIDENT CMS MAINTENANCE TEAM LEAD RELEASE LEAD 3.7

. . . . .

## FINANCE / DEVELOPMENT / PARTICIPATING

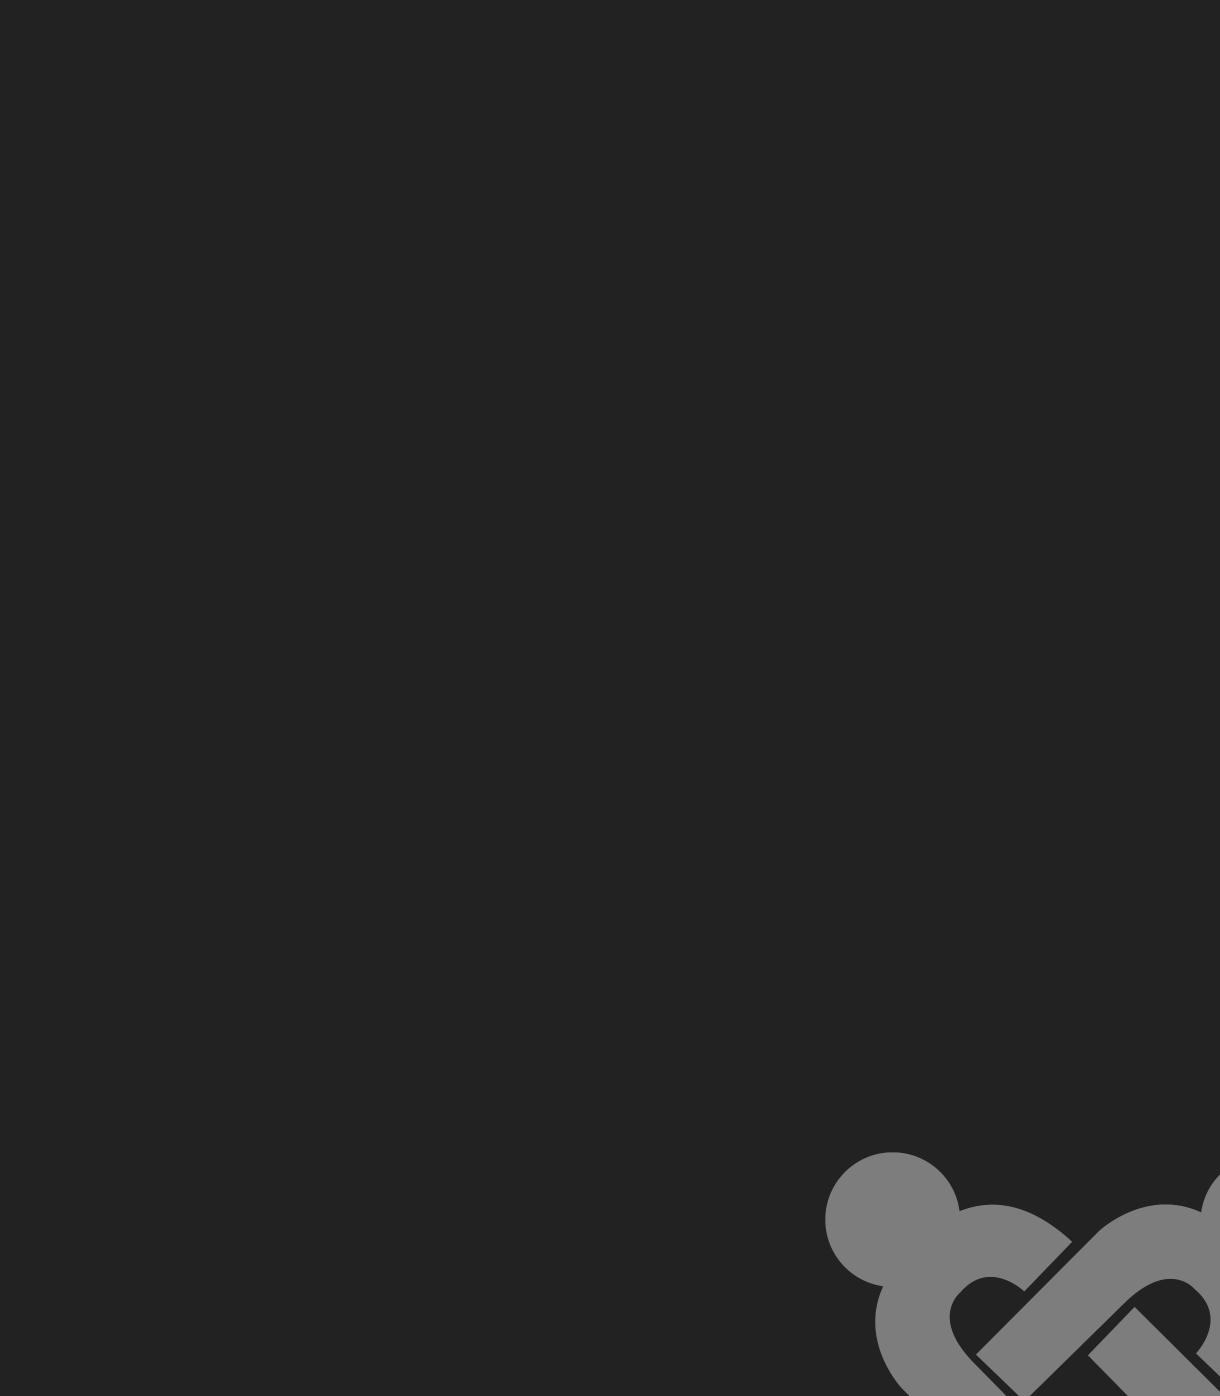

## Secure

## Looking for a treasurer

## DEVELOPMENT

- We changed the strategy to time based Releases.
- 3.x supports ends August 2022, security fixes till August 2023
- ▶ 4.1.x is the current release
- 4.2.0 expected August 2022
- 5.0 expected August 2023

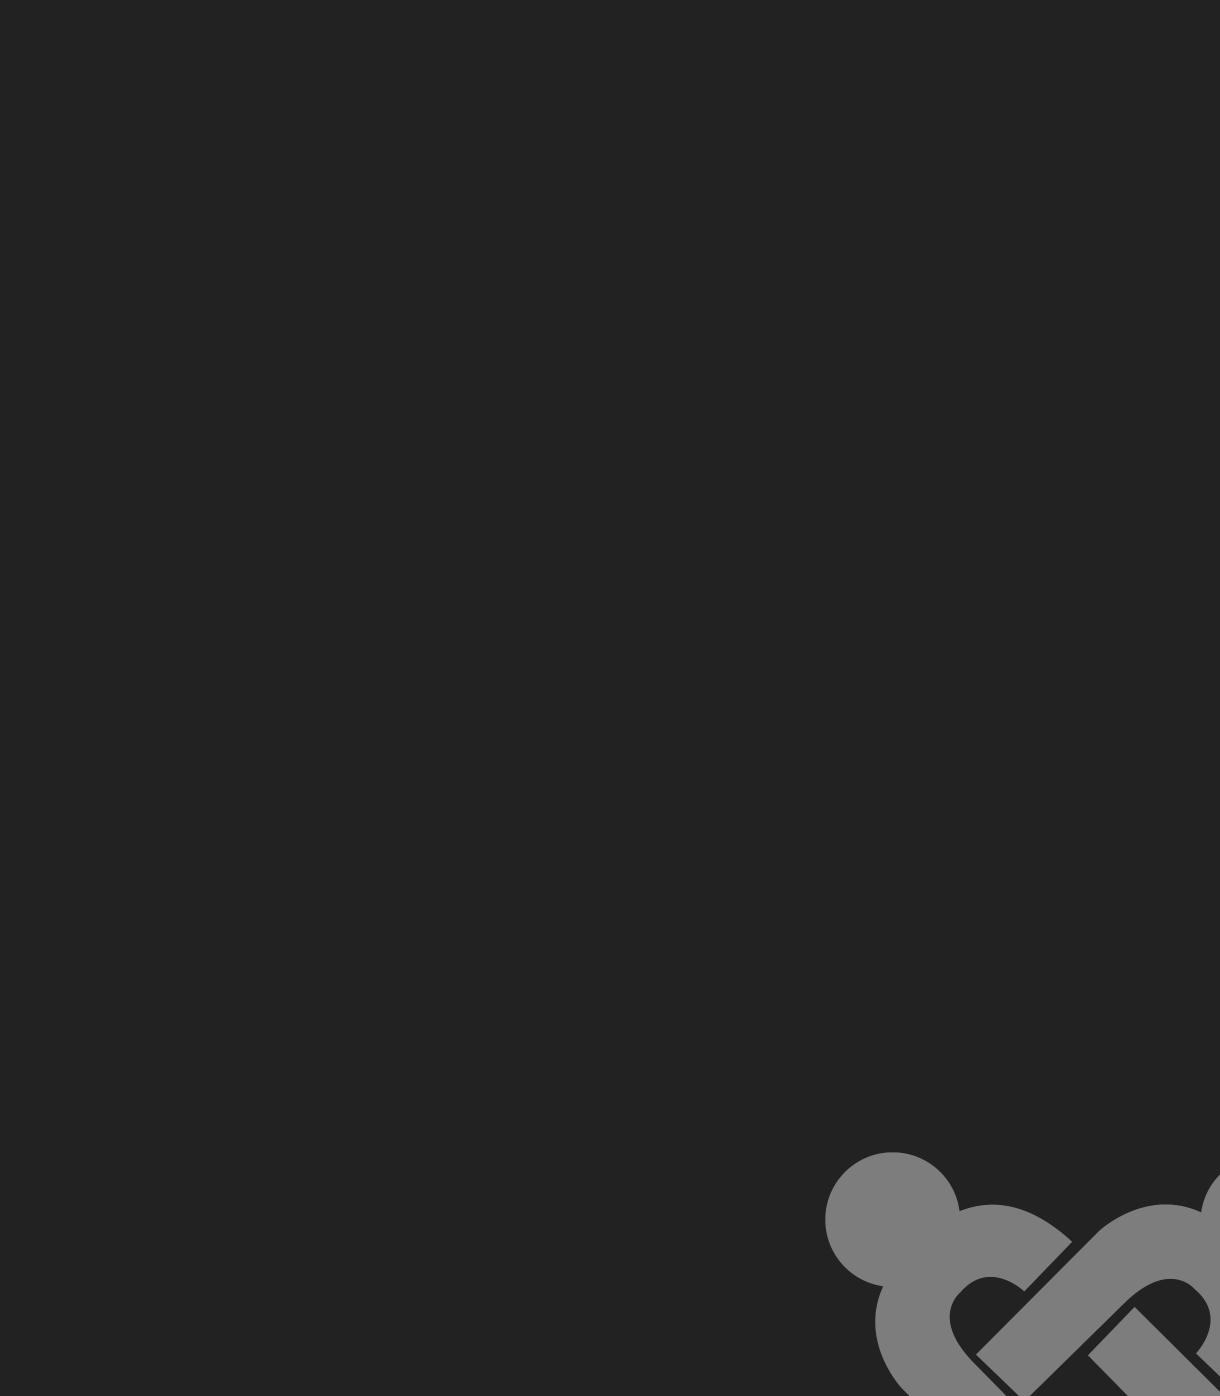

## **DEVELOPMENT - SOME QUESTIONS**

- Who is using 4.x for client work (new sites)?
- Who is busy migrating 3.x to 4.x?
- What is missing in Joomla 4?
- About Joomla 5, what do you think about the release date?

## PARTICIPATION

## We need help!

### How Can I Help?

Everyone has a skill, and the Joomla! project would love to discover it! Whether it's answering a simple question in the forum, helping to design a flyer for a Joomla! conference, translating text from one language to another, teaching CSS, HTML, javascript or PHP, and everything in between; there is a place for everyone.

Browse the Joomla! teams to find a group of your interest and get involved!

Set involved with a team looking for help

### Why Should I Help?

The Joomla! project is an all volunteer organisation. That is what sets us apart from other large Open Source projects. By volunteering, you join a large, international and diverse group of passionate individuals, looking to empower people and companies to connect, communicate, and be competitive on the world wide web.

See what other Joomla! Volunteers - Joomlers - are contributing to the Joomla! project.

Set to know Joomlers!

#### **A Joomler Story**

Stefan Wendhausen **Germany** 

As an old hand I have been involved since mambo times. My first event was in Bonn, Germany. Since 2009 I am a member of the board of directors of J and Beyond e.V. and co-organizer of the German JoomlaDay and the JandBeyond conference. Since 2017 I am Release Lead of the German language files and recently also the Translations Coordinator for the Joomla! CMS Core Languages. With my agency I have been using Open Source Software and of course Joomla! for more than 20 years.

## Webmasters Team Working Group

This group consist of representatives for each Joomla! property (websites, infrastructure and otherwise). We are responsible for standardization, providing guidelines, defining procedures, supervise the implementation of various topics (updates, extensions and more). The group for information and coordination. The Joomla Property Management policy is displayed in the OpenSourceMatters website.

Any issue with a website can be reported on GitHub: https://github.com/joomla/joomla-websites A list of all websites and the related team, can be found here: https://docs.joomla.org/Joomla:The\_Joomla\_Websites

### Joomla! Volunteer Engagement Team (VET) official

#### The VET focuses on the 3 Rs: Recruitment, Retention and Recognition of volunteers

The role of the Joomla Volunteer Engagement Team (VET) is to provide the Joomla Community with a pleasant, welcoming and healthy environment in which to contribute and share our passion for Joomla!

When volunteers are happy and appreciated and they have access to the necessary knowledge and tools (both software and processes) they should feel more motivated and in turn become more productive. The VET, by supporting volunteers and the teams, strives to assist the Joomla Community to accomplish more, leading to improving the long-term stability and success of the Joomla! Project.

The VET aim to achieve the above mission by focussing on three primary areas: Recruitment, Retention and Recognition.

Read the VET Vision, Mission and Goals

By focussing on these three areas, the Volunteer Engagement Team aims to continuously deliver services to the entire Joomla community to improve communications, processes and performance across all parts of the Joomla community.

If you would like more information on contributing to Joomla, joining VET or to provide feedback on the VET mission, values and goals statement above, please contact the VET via email at contact-vet@community.joomla.org.
