Crowdin selected as translation partner

A screenshot of the Joomla! administrator interface, specifically the 'Extensions: Install Languages' page. The page shows a list of languages with buttons for 'Install', 'Reinstall', or 'Uninstall'. The languages listed include Afrikaans, Albanian, Arabic (UAE), Armenian, Bahasa Indonesia, Basque, Belarusian, Bengali, Breton, and Bulgarian. A search bar is at the top of the list. The Joomla! logo is in the top right corner. A dark blue overlay box is positioned over the right side of the screenshot.

Extensions: Install Languages

Search

Language

Install Afrikaans

Install Albanian

Reinstall Arabic (UAE)

Install Armenian

Reinstall Bahasa Indonesia

Install Basque

Install Belarusian

Reinstall Bengali

Install Breton

Reinstall Bulgarian
